# FEDS ARE NOW HITTING HAKU: THEY MAY SLUMP, OR MAY

Cy Young's Pitching Record Seems Apt to Endure for Long Time, With Christy Mathewson Close Second in Number of Games Pitched and Won; Boston Has a Real "Outlaw" League.

By FRANK G. MENKE.

Matty's Average Is .665.

NEW YORK, June 3.—The Federal of 1819 or 1911 and relified to his farm orphians who thorned their way into major league riohs this satisfic, seem to be doing quite well thank you. They are encountering no real trouble in their efforts to belt the offerings of the rival hurlers and some of them are playing afield in a way that overshadows the achievements of their American and National league mates.

mates. Shrinking Violet' Kauff lammed the leather beyond the 495 mark during the first week of the campaign—a figure about equal to what he amassed in the Gilmore circuit during the opening week of 1915. And this must be remembered: Kauff this year is facing strange pitchers. Lost season he was acquainted with the twists of the sinb-men.

And this must be remembered: Kauff this year is facing strange pitchers. Loss season he was acquainted with the twists of the slabmen.

Roush, Hariden, Mages, Chase, Louden, Kometchy and the bulk of the other Federal league form of 1915. What does this means? Can it mean anything else than that there were some players in the 1915 Fed circuit in 1915—as we contended—who were superior to some briganised major regulars?

Gh. yez, it is early in the season—and the Fed players may slump. But isn't it logical to assume that the more they become acquainted with the pitching in their new leagues the better they will bet? And shouldn't they kill more hits when they learn where to play for the opposing batsmen?

The Feds were generally spoofed at a year ago. They were classed by many as minor leaguers. Ours was a different belief and we feel that when the 1916 averages are compiled they will show that the great majority of Feds how in major league iniforms acquited themselves of the "busher" charge.

Young's Sterling pitching record may endure for all time. Only one pitcher in the game today—Christy Mathewson—had a chance to esclipse it. But the sun seems to be setting on Matty's major league pitching life—and, wonderful as is his work. It cannot compare with that of the old "war horse."

Young survived the terrific pare of 22 campaiens. He quit the game along championship, but it ended in a tie.

his highly successful baseball There has been a whole lot said bout how the Athletics were split up by the advent of the Federal eague nto the baseball field a few seasons hack, making players of the old cham-pionship machine dissatisfied with their salaries and ready for the hop to outlawry—how a wonderful machine was smashed just when it was runn-ing at its best, apparently unbeatable for several seasons had it remained intact.

But those who have written the volume of comment have forgotten to add that it is merely the way all basehall machines go-if not by the advent of a new league into the field, by dissatisfaction of stars over the amount of their monthly pay checks.

add that it is merely the way all basebull machines go—if not by the advent of a new teague into the field, by dissatisfaction of alars over the amount of their monthly pay checks.

Mack never was known as a payer of high salaries. He always has had a cheap half club—high class enough in talent but not highly paid. He built a pennant machine ten years ago and it went to pieces, partly because the veterans were dissatisfied over their salaries and partly because some of them went back. He found that he had too high priced a team and he was forced to rebuild.

It took a short time for Mack to construct another pennant winner. But he succeeded, winding up with that Mcinnis-Collins-Bakes, Livry out. It that won four pennants. There

WATCH the fireworks at Rio Grande park on Sunday mornare able to retain Duffy's Pure Mal the baseball card and it should be some battle. Fisher will likely work for the clerks while manager Juan Gomes has been saving Jose Villareal for this contest.

RAKERS play the Seventh infantry D'in the first game of Sunday afternoon's baseball bill. The soldiers have won their last three games and are feeling rather chesty. It would be no surprise to see the bakers send Pedregon to the mound. He has been saved up so far. Dun-can, who now holds the league record for strikeouts in a game, will work for the soldiers.

BUSINESS men's clauses are under way at the "Y." The gym. class starts at 5:45 oclock on Monday, Wednesday and Friday afternoons and lasts 15 minutes. Volley ball follows. A special volley ball class will start practice at 5 oclock, here-after, on the three days the business men hold forth.

FURLOUGHS are hard to get in the army these days. Claude Graham got one for three months last spring and west into professional baseball. But because of the border situati n, no extensions are being granted, so the little pitcher is back with the 30th infantry. There is no question that the fans would like to see him in the Commercial league. The S venth infantry has first call on his services, but if the Seventh does not want him, he should go to the Feldmans. One of the first divicion teams has been after him but the league officers should see to it that he goes to one of the weaker clubs.

FELDMANS buck into the Krackajacks in the second game of Sun-day's matinee bill. Manager French has shaken up his squad again and predicts a victory for the photographers.

CLEVELAND may be a lucky club. It certainly looks that way. The Senators got the jump on the Indians in the first inning of Thursday's games and put over five runs. Coveleskie was yanked out and Mc-Hale and Bagby held the Senators scoreless for 13 innings. The Indians got busy in the ninth and tied the score and neither team tallied in the evertime, the game being called for darkness.
